

CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

July 21, 2008

H.R. 2535 **Tule River Tribe Water Development Act**

*As ordered reported by the House Committee on Natural Resources
on July 16, 2008*

H.R. 2535 would direct the Bureau of Reclamation to conduct a feasibility study to evaluate alternatives for providing a dedicated water supply for the Tule River Tribe of California. Assuming appropriation of the authorized amount, CBO estimates that implementing H.R. 2535 would cost \$3 million over the next two years. Enacting the legislation would not affect direct spending or revenues.

H.R. 2535 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Tyler Kruzich. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
